Bo,

Thank you, I appreciate you sending it to me. There is a breakdown on the AAPCO's website, but it has not been updated, <https://aapco.org/dicamba-archives/> (middle of the page)

This topic has been generating a lot of press, and interest at all levels. As you may know, I value co-existence and protecting the environment (including non-target plants).

Be well,

Hi Rose –

I hope life is treating you well. Here is the spreadsheet that I have been maintaining for 24(c) registrations submitted in 2019. It is pretty basic, since I created it for internal use, however I have you find it useful. Please let me know if you have any questions.

Enjoy the day.

I have copies of some states dicamba Section 24(c) registrations which address special local need situations in their states.

But I heard that there might be a table identifying the states various restrictions and requirements.

It is possible to have a copy of this table? I realize that it is likely a living document.

Thank you
